

Spectacular sound for a fair price: BS 53

The new 2-way bookshelf speaker of the new 50 series is the ideal speaker for bargain hunters who want spectacular hi-fi sound, reliable technology and good all-round features.

Technical features

- 1 x 175 mm woofer with cellulose diaphragm and concave-shaped dome, capton bobbin and ferrite ring for good power handling and high efficiency
- 1 x 25 mm tweeter with neodymium magnet system and star-shaped cooling attachment on the terminal, provide a transparent sound image
- the bass port's double flare design minimises air noise and friction losses
- gold-plated bi-wiring binding posts with transparent screw-type terminal and gold-plated, isolated bi-wiring cable suspension bridges.
- overload-protection provides trouble free operation: this loudspeaker is recommended for use with 20-100W/ch powerful amplifiers
- elegant design: all driver

baskets and mounting plates of the 50 series are in the new colour *titan metallic*, specially designed for ELAC

Finishes: graphite maple, cherry, silver

Specifications	ELAC BS 53	Crossover Frequency	3200 Hz
Dimensions HxWxD	380 x 200 x 300/285 mm	Nominal- / Peak Power Handling	55 W / 70 W
Weight	approx. 7 kg	Frequency Range	44-23000 Hz
Type	2-way, bass reflex	Sensitivity	89 dB/2.8V/m
Woofer	1 x 175 mm cone	Nominal Impedance	4 ohms
Tweeter	1 x 25 mm dome	Minimum Impedance	3.6 ohms at 200 Hz
Recom. Amplifier Power at Nominal Impedance	20 – 120 W/channel
